Assignment Prompt

Each student needs to create their own post and answer the 4 questions below. The expectation for this assignment is for you to demonstrate your newly acquired skills and knowledge by engaging in a pre-production stage for a documentary project.

- 1) Choose a topic or issue of interest that focuses on either an environmental, human rights and democracy related theme.
- 2) Identify an organization that is working to support and/or address and issue related to this topic/issue.
- 3) Conduct research on the organization and summarize who they are, what they do and when they hold events.
- 4) Draft a list of the following to help prepare you for the next production step:
 - Who would you interview an an expert(s) on this topic. This can include individuals in the organizations and outside of it.
 - What activities would you photograph/film to help show what the organization does?
